

**Instruction**

**Classroom Appearance/Arrangement**

The classroom provides the immediate background for the physical, social, mental and emotional development of the student. The effective classroom stimulates each youngster to explore, to create and to learn.

The arrangement of the room should be planned to facilitate a good learning environment. Students should be encouraged to participate in planning the classroom environment.

Policy adopted: June 18, 2003

CAPITOL REGION EDUCATION COUNCIL  
Hartford, Connecticut
