

Metacomet Elementary School, Bloomfield, CT

CREC Construction Services provided Owner's Representative services for additions and renovations to the Metacomet Elementary School in Bloomfield, CT. The project consisted of 12,300 square feet of new additions and renovations to the existing Grade 3-5 34,000 square foot facility. Our services included assisting the Owner with Architect and CM selection, coordinating the design, estimating and bidding processes, overseeing the construction process, preparing sub consultant RFP's and coordinating all FFE installation and move management services for the Owner. The budget for the project was \$12,837, 100. The project was completed on time (August 2011) and \$500,000 under budget.
