

Roofing And Building Envelope Solutions For Schools, Government And Nonprofit Organizations

Through the Capitol Region Education Council's (CREC) cooperative purchasing program, Tremco's affiliate company, Weatherproofing Technologies, Inc. (WTI), delivers unique facility asset management solutions designed to reduce your roofing and building envelope life-cycle costs while improving performance. Expedited contract procurement and our comprehensive "start to finish" project management capabilities allow you to concentrate on your daily responsibilities of ensuring a safe, dry, comfortable environment.

The Benefits To Cooperative Buyers Are Numerous, Including:

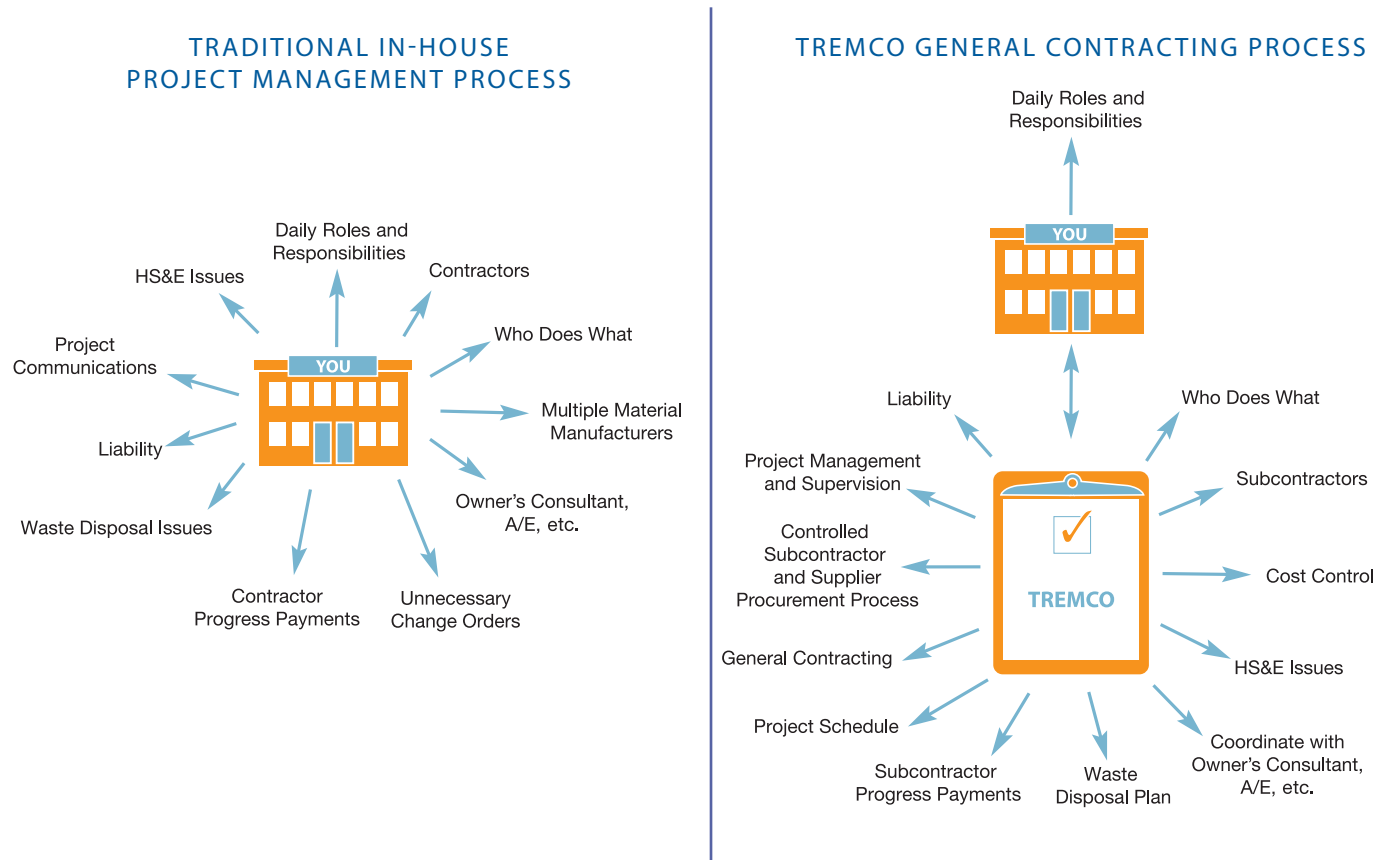

- *A streamlined procurement process*
- *Single-source responsibility – turnkey*
- *Accommodates individual needs and budgets*
- *Pre-competed line-item pricing*
- *Buying power of a national contract*
- *Shorter project time*
- *Use of "best in class" contractors*
- *Saves you money*

Through the CREC contract (AEPA 005A), schools, government and certain nonprofit organizations may procure roofing, repair, restoration and replacement products and services, as well as façade solutions when purchased in conjunction with roofing.

CREC provides its members with numerous high-quality programs and services, including cooperative purchasing available through our relationship with the Association of Educational Purchasing Agencies (AEPA), which provides multi-state buying contracts.

Tremco's General Contracting Services Save Time, Money And Headaches

At Tremco, we understand the challenges required to manage roofing and building envelope projects. WTI's general contracting capabilities are designed to reduce the internal resources and cycle time typically required for construction project management. For your next project, consider the alternatives:

A History Of Performance And Quality

Tremco has been meeting the roofing and building envelope needs of our customers since 1928. With approximately 700 highly trained sales and technical service professionals located throughout the United States and Canada, we are committed to helping our customers improve facility performance and reduce long-term costs through superior products and workmanship.

Our patented facility asset management program, Tremco ManagedAssets™, guarantees leak-free buildings while providing a range of financial benefits from firm, fixed pricing to budget predictability and a greater return on investment.

Purchasing Tremco roofing and building envelope products and services from the CREC contract (AEPA 005A) couldn't be more simple. To find out more, call 1-800-892-1872.
