CLASSES

CREATIVE WRITING

Students will learn various methods of composing and will develop their awareness of language as an artistic form. While practicing innovative writing techniques, students will be encouraged to have fun and get creative with poetry, fiction, and creative non-fiction.

PERCUSSION

Everyone moves to the beat of their own drum and in our percussion sessions, students will have the opportunity to learn a variety of hand drumming techniques. Focus and inspiration for these classes will be derived from Caribbean and West African drumming practices.

TAP DANCING

Introduces students to the origin and modern techniques of tap dancing. In addition, students will be introduced to the base elements of developing collaboratively as a group and independently as an exploration of how movement has evolved!

THEATER

Students will have the opportunity to develop base theater skills as they explore of self awareness and ensemble development. Character role play, improvisation, monologue practices and scripted collaborative scene work will be part of this acting experience.

VISUAL ARTS

Students are invited into an enriching environment in which they may create art from self-expression and observation while being introduced to a variety of materials. Students will be introduced to the importance of creating an artist's sketchbook, painting, drawing, multi media sculpture techniques and developing a portfolio.

VOICE

Learn the joy of developing the voice within! This vocal exploration is for beginning to advanced students interested in a variety of vocal techniques. Practices in this class will focus on rhythmic breathing, sight reading, melody & harmony, in addition to solo compositions within a performance group.
