**Description:** Join colleagues from the Greater Hartford region for an in-depth look at the Connecticut Core Standards for the mathematics fractions progression. In two Saturday morning sessions, participants will learn exactly what is expected by grade level, as well as how it all fits together across the progression. Both meetings will include time to plan lessons and create resources for immediate use in your classroom.

**Audience:** Teachers of mathematics in grades 1-6, math coaches, interventionists, and support staff.

For additional information contact  
Sue Renehan at [srenehan@crec.org](mailto:srenehan@crec.org).

Please bring ear buds and a laptop or  
other device for note taking and access  
to on-line resources.
