## CREC Council Meeting 3/15/17 Attachment A

Connecticut State Department of Education Addendum to Agreement for Child Nutrition Programs (ED-099) Healthy Food Certification Statement; 2017-18

## Background

Section 10-215f of the Connecticut General Statutes (C.G.S.) requires that each local board of education or governing authority for all Connecticut public school districts participating in the National School Lunch Program (NSLP) must take action annually to certify whether all food items sold to students will or will not meet the CNS. This includes all public schools, regional educational service centers, the Connecticut Technical High School System, charter schools, interdistrict magnet schools, and endowed academies.

For school year 2017-18, the HFC period is July 1, 2017, through June 30, 2018. All public school districts participating in the NSLP must submit the Healthy Food Certification Statement – Addendum to Agreement for Child Nutrition Programs (ED-099) by July 1, 2017.

RECOMMENDED ACTION: Authorize the administration to execute the Connecticut State Department of Education Addendum to Agreement for Child Nutrition Programs (ED-099) Healthy Food Certification Statement; 2017-18, pending funding in the approved 2017-18 State of Connecticut Adjusted Biennial Budget, by:

- 1) Certifying that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2017, through June 30, 2018. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to, school stores, vending machines, school cafeterias, and any fundraising activities on school premises sponsored by the school or by non-school organizations and groups.
- 2) Allowing the sale to students of food items that do not meet the Connecticut Nutrition Standards provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food items are not sold from a vending machine or school store. An "event" is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The "regular school day" is the period from midnight before to 30 minutes after the end of the official school day. "Location" means where the event is being held.

Regional Fingerprinting Service: 2017-2018 Enterprise Fund #705

CREC continues to offer this service to its districts in response to the 1994 State of Connecticut law, which requires districts to have all newly-hired employees fingerprinted.

Individuals fingerprinted in 2015- 2016 numbered 2,512. In 2016 - 2017 the estimated number is 2,600. CREC anticipates fingerprinting the same number of individuals in 2017 - 2018.

## **Article X - Special Education Students**

- 10.1 If removals from school are to be utilized with special education or 504 students as part of a comprehensive behavior management system, they must be reflected in a Behavior Intervention Plan and discussed at a PPT or 504 meeting.
- 10.2 Prior to conducting an expulsion hearing for a student requiring special education and related services, an IEP team (PPT) shall convene to determine whether the misconduct was caused by the student's disability. A student may be suspended for up to 10 days pending the IEP team (PPT) determination.
- 10.3 If it is determined that the misconduct was caused by the student's disability, the student shall not be expelled. Rather, the IEP team (PPT) shall consider the student's misconduct and modify the student's individualized education program to address the misconduct and to prevent a recurrence of such conduct and to ensure the safety of other students and staff in the school.
- 10.4 If it is determined that the misconduct was not caused by the student's disability, the student may be expelled in accordance with the provisions set forth in Article VII.
- 10.5 Whenever a student requiring special education and related services is expelled, an alternative educational opportunity, consistent with the student's educational needs will be provided during the period of expulsion, as determined by the IEP team (PPT) chaired by the LEA in light of such expulsion and the student's IEP. ## Article X - Special Education Students (continued)

Notwithstanding the provisions of the preceding 10.6, a student with disabilities may be assigned to an interim alternative educational setting for not more than forty-five (45) days if the student brings a weapon to school or to a school function or knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function. For purposes of this paragraph, "weapon" means a device instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, but excludes a pocket knife with a blade of less than 2 ½ inches in length. The interim alternative placement shall be determined by the IEP team (PPT). 10.8 In order for the district to unilaterally obtain a 45 day change in placement from a federal judge of Connecticut hearing officer, it must prove by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the child or others. The school must also prove that it has made reasonable efforts to minimize the risk of harm the student presents in the current placement.
