

Community Relations

Electronic Media

This policy addresses the production, use, and distribution of various electronic media such as:

- CD Roms
- Video
- Digital
- E-Broadcast messages
- Cable access program

Electronic Media is used to inform the general public of what is happening in CREC schools and programs and to provide students with experience in the various media.

The Council assigns the principal of the school with the responsibility to ensure proper use of facilities and appropriateness of material submitted for broadcast.

Policy adopted: November 17, 2004
