

## **Community Relations**

### **Relations Between Area, State, Regional & National Associations and the Schools**

Membership in recognized associations such as the Connecticut Association of Boards of Education will be maintained by CREC for several reasons, including:

1. benefits to Council from professional meetings, conferences, clinics and conventions.
2. access to the communication media of such associations, such as newsletters, periodicals and advisory services.
3. representation in legislative and other actions affecting education generally and our school district in particular.

The Executive Director shall budget funds for memberships approved by the Council and for the costs of appropriate participation by Council members, administration and staff in the activities of such associations.

Policy adopted: November 17, 2004
