Business/Non-Instructional Operations

Accident Prevention and Reporting

The practice of safety shall also be considered a facet of the instructional plan of CREC by virtue of educational programs in traffic and pedestrian safety, fire prevention, emergency procedures, etc., appropriately geared to students at different grade levels.

Each building administrator shall be responsible for the supervision of a safety program for his/her facility and the Executive Director or designee shall have overall responsibility for the safety program of CREC. General areas of emphasis shall include, but not be limited to: in-service training; accident record-keeping; plant inspection; driver and vehicle safety programs; fire prevention; school site selection; and emergency procedures and traffic safety problems relevant to students, employees and the community.
