Students

Nondiscrimination

CREC is committed to creating and maintaining a safe learning environment for all students that is free from discrimination or harassment on the basis of race, religion, color, national origin, sex, sexual orientation, gender identity or expression, marital status, pregnancy, disability, or on any other basis prohibited by federal or state law; and to ensuring that every student has equal access to all school programs and activities.

The Director of Human Resources is designated as CREC’s Compliance Officer. (S)he or her/his designee shall be responsible for:

- coordinating continuing surveillance of district educational programs and activities and district compliance with non-discrimination and anti-harassment policies and regulations, including Title IX and its administrative regulations.
- notifying applicants for admission, students, parents/guardians of students, and sources of referral of applicants for admission, that CREC does not discriminate on any basis prohibited by federal or state law; and does not discriminate on the basis of sex in its educational programs or activities and that it is required by Title IX and its administrative regulations not to discriminate in such a manner. The notification shall be made in the form and manner required by law or regulation.
- publishing and disseminating this regulation and the complaint procedure to students, parents, employees, independent contractors, vendors and the public, along with his/her contact information.

Harassment

CREC strives to provide a safe, positive learning climate for its students. Harassment, in any form, whether by students, staff members, board members, parents, vendors, contracted individuals, volunteers, employees or visitors - on CREC grounds or property or on property within CREC’s jurisdiction; on buses operated by or for CREC; while attending or engaged in CREC activities - will not be tolerated.

Harassment consists of verbal, written, graphic, or physical conduct relating to an individual’s race, color, religion, sex, national origin/ethnicity, physical attributes, disability, parental or marital status, sexual orientation, gender identity/expression or age when such conduct:

- is sufficiently severe, persistent or pervasive that it affects an individual’s ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive education environment;
- has the purpose or effect of substantially or unreasonably interfering with an individual’s academic performance;
• otherwise adversely affects an individual’s learning opportunities;
• is made either explicitly or implicitly a term or condition of an individual’s education, or participation in district programs or activities; and
• exposure to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual.

Harassment may include, but is not limited to: verbal, physical, or written intimidation or abuse; repeated remarks of a demeaning or condescending nature; repeated demeaning jokes, stories, or activities directed at the individual.

Each staff member shall be responsible for maintaining an educational environment free from all forms of harassment. Each student shall be responsible for respecting the rights of all students and staff and refraining from all forms of harassment.

All allegations of harassment shall be investigated thoroughly and addressed appropriately. There shall be no retaliation against the complainant and/or victim of the alleged harassment.

Students with Disabilities

CREC will coordinate with the LEAs to provide a free and appropriate public education to all students with disabilities within its schools, regardless of the nature or severity of the disability. Non-academic and extracurricular activities and services will be provided in a manner which will afford students with disabilities an equal opportunity to participate.

CREC will provide meaningful access to school-initiated activities to parents with disabilities. Due process rights of students with disabilities and their parents will be enforced.

Transgender and Gender Non-Conforming Students

The following guidelines are designed to address the needs of transgender and gender non-conforming students. The guidelines do not anticipate every situation that might occur, and the needs of each transgender or gender non-conforming student must be assessed on a case-by-case basis. In all cases, the goal is to ensure the safety, comfort, and healthy development of the transgender or gender non-conforming student while maximizing the student’s social integration and minimizing stigmatization.

The following definitions provided are not intended to label students. Students might or might not use these terms to describe themselves.

“Gender identity” is a person’s deeply held sense or psychological knowledge of his/her own gender, regardless of the gender (s)he was assigned at birth.
“Transgender” describes people whose gender identity or expression is different from that traditionally associated with their assigned sex at birth.

“Gender expression” is the manner a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, or mannerisms.

“Gender non-conforming” describes people whose gender expression differs from stereotypical expectations, such as “feminine” boys, “masculine” girls, and those who are perceived as androgynous.

“Transition” is the process in which a person changes his/her gender expression to better reflect his/her gender identity. This may involve a variety of steps, such as using a nickname or legally changing one’s name; choosing clothes and hairstyles to reflect one’s gender identity; and generally living and presenting oneself to others, consistently with one’s gender identity; taking hormones or undergoing surgical procedures to change one’s body to better reflect one’s gender identity.

1. School personnel should not disclose information that may reveal a student’s transgender status or gender non-conforming presentation to others, unless legally required to do so or unless the student has authorized such disclosure.

2. A student has the right to be addressed by a name and pronoun that corresponds to the student’s gender identity. A court-ordered name or gender change is not required, and the student need not change his or her official records. CREC shall modify its student information system, as necessary, to prevent disclosure of confidential information and ensure that school personnel use a student’s preferred name and pronouns consistent with the student’s gender identity.

3. CREC will change a student’s official record to reflect a change in legal name or legal gender upon receipt of documentation that such change has been made pursuant to a court order.

4. To the extent possible, schools should reduce or eliminate the practice of segregating students by gender. In situations where students are segregated by gender, such as for selected health education classes, students should be included in the group that corresponds to their consistently asserted gender identity.

5. Students shall have access to the restroom that corresponds to their consistently asserted gender identity. Any student who has a need or desire for increased privacy, regardless of the underlying reason, should be provided access to a single user restroom. However, no student shall be required to use such a restroom because (s)he is transgender or gender non-conforming.

6. The use of locker rooms by transgender students shall be assessed on a case-by-case basis with the goals of maximizing the student’s social integration and equal opportunity to participate in physical education classes and sports, ensuring the student’s safety and comfort, and minimizing stigmatization of the student.
8. Transgender and gender non-conforming students shall be permitted to participate in physical education classes, interscholastic athletics and intramural sports in a manner consistent with their gender identity and in compliance with the applicable regulations of the Connecticut Interscholastic Athletic Association (CIAC).

9. Transgender and gender non-conforming students have the right to dress in a manner consistent with their gender identity or gender expression. In general, CREC schools may not adopt dress codes that restrict students’ clothing or appearance on the basis of gender.

10. It is the responsibility of each school and CREC to ensure that transgender and gender non-conforming students have a safe school environment. Complaints alleging discrimination or harassment based on a person’s actual or perceived transgender status or gender nonconformity are to be handled in the same manner as other discrimination or harassment complaints.

11. Schools should aim to keep transgender and gender non-conforming students at their original school site. Transfer should not be a school's first response to harassment and should be considered only when necessary for the protection or personal welfare of the transferred student, or when requested and/or consented to by the student or the student’s parent/guardian.

**Student Complaint Procedure**

Any incident or complaint of discrimination or harassment will given immediate attention, including investigating the incident, taking appropriate corrective action, and providing students and staff with appropriate resources. Every student shall have a ready means of resolving any complaint of discrimination or harassment.

A student who believes that (s)he has been subjected to discrimination or harassment is to report the matter to a teacher or counselor. If such person is the alleged perpetrator, the report shall be made to the school principal. If the school principal is the alleged perpetrator, the report shall be made to the Director of Human Resources. The student may make the complaint verbally or in writing.

If the complaint is made verbally, the district staff member receiving it will memorialize it in writing, noting the date of the complaint; the name of the complainant; the date(s) of the alleged discrimination or harassment; the name(s) of the alleged perpetrator; the location where such discrimination or harassment occurred; a description of the alleged discrimination of harassment; and any other pertinent information provided by the student. If the complainant is a minor student, the district staff member should consider whether a child abuse report should be completed.

Within five (5) working days of receipt of the complaint, the district staff member receiving it will start a thorough, objective and complete investigation. (S)he shall consult with all individuals reasonably believed to have relevant information, including the student and the alleged perpetrator,
any witnesses to the conduct, and victims of similar conduct that the investigator reasonably believes may exist. The investigation shall be free of stereotypical assumptions about either party. The investigation shall be carried on discreetly, maintaining legally required confidentiality, and upholding the due process rights of the complainant and the accused.

The investigator shall make a written report summarizing the results of the investigation and proposed disposition of the matter, and shall provide copies to the complainant, the alleged harasser, and to the appropriate administrator(s).

If after a thorough investigation, it is found that discrimination and/or harassment has occurred, the investigator shall take all reasonable actions to resolve the matter and ensure that the conduct ceases and will not recur, and will notify the complainant student. The investigator will also inform the perpetrator that appropriate action shall be taken if further acts of discrimination, harassment or retaliation occur. If the matter cannot be resolved at the investigator’s level, (s)he shall refer the complaint to the appropriate administrator for review, further investigation, if necessary, and action.
