# MARCH 2026 NEWS & NOTES

## *i-Ready To Celebrate!*

*Polaris students who demonstrated growth during their mid year i-Ready Diagnostics were able to spin the prize wheel in honor of their hard work. Congrats & keep it up!*

## **POLARIS NEWS UPDATE: SAY IT ISN'T SNOW!**

*Jeremiah checked in with Punxsutawney Phil & he (the groundhog) predicted on February 2nd that we will have six more weeks of winter! Here is to hoping Phil is wrong - fun fact, according to the NOAA Phil is right about 35% of the time.*

### **LOCAL ARTIST VISITS POLARIS**

Denissa had the opportunity to interview Ava, who is a former student of Mrs. Bruzzi. Ava shared her posterized portraits, and expanded on the excitement & anxiety of taking on a project of this size. The portraits are beautiful & we appreciate her sharing them with our Polaris community.

## **CONGRATULATIONS!**
